

**Michael H. Phillips**

---

We truly love our Phillips Brothers home!

We first heard of the Phillip Brothers through a neighbor in Atlanta...the Phillips Brothers built their lake home on Lake Hartwell. They recommended we give Phillips Brothers a call. We were impressed with the homes and design of their new subdivision, Laurel Glen. The attention to detail has won rave reviews from every one that has walked through our front door. Their commitment, understanding and friendship during the design, build and completion of our home has exceeded all expectations. We found their employees and contractors to be professional and courteous. We look forward to having Phillips Brothers build our lake home!

Thank you, Scott and Laurel Farmer
