

Dear Michael,

Hope you had a Happy and Healthy Holiday Season. We tried to get to the lake a few times, but have spent most of our time during the holidays at home with family.

Just wanted to let you know how much we are enjoying our "treehouse" you built for us at Lake Hartwell earlier in the year. On Thanksgiving we had our family with us and it was wonderful to have the separate bedroom, bath and living space along with the garage to accommodate our guests and vehicles. With the upstairs furnished and the workshop in the garage it really feels like home.

We want to thank you for personally seeing to all of the specific details that went into making this project truly exceed our expectations. The quality of construction is excellent and your ability to come up with functional and efficient solutions to our needs was greatly appreciated. When you are in the area, please come by and visit so you can see the finished product. It was a pleasure working with you and if we can assist you with recommendations please call us.

We have included a few pictures sequencing the progress. Feel free to use them on your web page if you would like.

Take care and Happy New Year.

Sincerely,

Rick & Kathy
